

KONICA MINOLTA

bizhub 215

A B&W SOLUTION WITH
**POWER
PRODUCTIVITY
AND VALUE**

bizhub 215

A HIGH-PERFORMANCE MFP
WITH RIGHT-SIZE COST-EFFICIENCY.

High-speed color scanning and high-resolution B&W print/copy output at up to 21 ppm for increased productivity.

The benefits of bizhub® MFPs provide real productivity advantages for businesses large and small. The new bizhub 215 extends Konica Minolta's winning streak with powerful features in a modular design – so you can customize a B&W solution that's ideal for your needs. Start with stand-alone print and copy output at up to 21 ppm and standard color scanning.

Add a PCL print controller, duplex and auto-reversing document feeder options to speed your throughput. Increase your paper capacity with a bypass tray and up to four optional 250-sheet drawers. Expand your productivity with Super G3 high-speed fax option, plus a keypad extension that simplifies your all-in-one productivity. All with Simitri® toner in recyclable toner bottles, our zero-waste toner system, and dramatically reduced total energy consumption – real bottom-line benefits that also protect the environment.

The bizhub 215 expands your productivity with sleek design for desktop placement or for modular expandability that lets you add a mid-size cabinet, 100-sheet bypass tray and up to four optional 250-sheet drawers for floor-standing setups.

Base product without options.

Optional configuration with DK-707 Copy Desk.

Optional configuration with four paper drawers.

Hard-copy documents that never slow you down.

In general business as well as demanding healthcare, legal and educational applications, the bizhub 215 provides high-resolution 600 x 600 dpi monochrome prints and copies of B&W or color originals.

A robust monthly duty cycle of 15,000 pages can handle the busiest workloads. Fast warm-up time of 15 seconds and first-copy output in 6.5 seconds never keep you waiting. And color scanning makes it easy to digitize documents for electronic transmission and archiving.

You'll have standard paper capacity of 250 sheets on a paper cassette that accommodates sizes up to 11" x 17" for 2-page spreads and oversized charts, small posters and graphics. The easy-to-read LCD panel features an animated help guide, intuitive icons and simple graphics to make every user more productive – even first-time operators or temporary employees.

Powerful productivity features in modular design.

In stand-alone configuration, the bizhub 215 is a powerful document solution. When you add modular options to fit your workflow, your output power keeps growing. For increased productivity, you can add a reversing auto document feed option that handles up to 11" x 17" pages. And the optional duplex unit lets you output two-sided prints and copies at full rated engine speed.

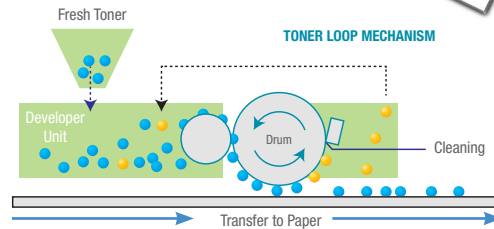

An optional PCL controller with NIC gives you desktop control over printing and scanning. You can scan documents in both color and B&W, scan files to FTP and SMB, scan direct to USB for storing files on portable memory stick devices, and perform network TWAIN scanning – all to digitize and share information with workgroups, collaborators, vendors and branch locations.

Up to four 250-sheet drawers and a 100-sheet bypass tray raise your maximum paper capacity to 1,350 sheets, for long print/copy runs without reloading. For all-in-one productivity, you can add a Super G3 fax kit with advanced transmission/reception features and PC network fax capability. An optional control panel extension gives you dedicated fax, scan and copy controls to speed your work.

Networkable connection to software.

With the bizhub 215, you can access Konica Minolta's PageScope® Net Care Device Manager* – a convenient solution for managing your print/copy/scan output with minimum effort. Instant status updates, counter readings and system status of connected MFPs can be easily recalled via your network, enabling you to manage multiple MFPs with "point and print" simplicity.

A high-resolution LCD panel provides an animated help guide, icons and graphics for simple operation. And, with Scan-to-USB, Scan-to-FTP, Scan-to-SMB, network TWAIN scanning and more – you can digitize documents and share information quickly.

Improving your image – and protecting the environment.

Konica Minolta's exclusive Simitri HD toner uses smaller, more uniform particles to improve fine detail for high-resolution graphics and more legible text. Simitri toner also provides another essential advantage: biomass plant-based materials that reduce environmental impact. And our efficient toner recycling system features an internal "toner loop" that recycles and reuses toner particles that haven't been transferred to paper, reducing toner waste to zero compared to typical toner waste of 5% to 10% in conventional printer/copiers.

Simitri toner bottles use up to 40% recycled plastic, helping reduce consumption of petroleum-based resources. Our Clean Planet program provides cost-free recycling for all your Konica Minolta consumables including toner cartridges and bottles, imaging units, developer and drums. And overall improvements in the operating efficiency of the bizhub 215 have dramatically reduced total energy consumption – meeting Energy Star requirements and continuing our industry leadership in environmental programs.

Konica Minolta's unique system to collect, circulate and reuse any toner not fixed to paper during printing – eliminating toner waste to conserve resources and cut costs.

Simitri HD High Definition Polymerized Toner

COUNT ON KONICAMINOLTA

With over 37,000 worldwide employees, cutting-edge research programs in optical and digital technology, and the industry's most complete line of document imaging solutions in both color and B&W, we continue to expand the possibilities and productivity of digital imaging. For the fourth straight year, Konica Minolta has been recognized as the #1 Brand for Customer Loyalty in the MFP Office Copier Market by Brand Keys – so as long as you count on Konica Minolta, you've made the right decision.

*Network card option required.

SPECIFICATIONS

Print / Copy Speed (Letter, portrait)	B&W: 21 ppm
Monthly Duty Cycle (pages)	15,000 pages

COPY

Warm-up Time / First Copy Time	Less than 15 seconds / Less than 6.5 seconds
Copy Resolution/Copy Quantity	600 dpi x 600 dpi/1-999
Copy Features	Electronic Sort/Crisscross, Image Density Adjustment (9 levels, Auto), Image Rotation, Program/Setting Menu/Counter, Reservation Copy/Auto-reset, Book Original, Mix-mode(same width), Quality (Text, Text/Photo, Photo), Zoom, Group/Sort, Combination (2in1, 4in1, ID Copy), Select Binding Direction, Frame Erase, Stamp (Date Time, Page Number), Negative-Positive Reverse

PRINT

Processor Speed	120 MHz
Memory	128 MB Image Memory (shared)
Print Resolution	GDI: 600 dpi x 600 dpi PCL (optional): 600 dpi x 600 dpi, 1200 dpi x 600 dpi
Interface	USB 1.1, USB 2.0 (standard); 10 Base-T/100 Base-TX (optional)
Grayscale Gradations	256 shades
Fonts	53 x PCL Latin
Page Description Language	GDI (standard), PCL 6/5e (optional)
Print Drivers	GDI: Windows XP (x32, x64), Windows Server 2003 (x32, x64), Windows Vista (x32, x64), Windows Server 2008 (x32, x64), Windows Server 2008 R2, Windows 7 (x32, x64) XPS: Windows Vista (x32, x64), Windows Server 2008 (x32, x64), Windows Server 2008 R2 (x64), Windows 7 (x32, x64) PCL (optional): Windows XP (x32, x64), Windows Server 2003 (x32, x64), Windows Vista (x32, x64), Windows Server 2008 (x32, x64), Windows Server 2008 R2 (x64), Windows 7 (x32, x64)
Print Features	Watermark, Secure Print, Separator Page, Group/Sort, Image Rotation, Image Quality Adjustment, Zoom, 2-in-1, 4-in-1, 6-in-1, 9-in-1, 16-in-1, Toner Save (Optional PCL only)

SCAN

Scan Speed	B&W/Color: 46 opm/20 opm (@150 dpi, letter)
Scan Resolution	B&W: 150dpi x 150dpi, 300dpi x 300dpi, 600dpi x 600dpi; Color: 150dpi x 150dpi, 300dpi x 300dpi
Network Twain (optional)	B&W: 150dpi x 150dpi, 300dpi x 300dpi, 600dpi x 600dpi; Color: 150dpi x 150dpi, 300dpi x 300dpi
Scan File Formats	TIFF, PDF, JPEG
Scan Features	Local TWAIN Scan, Scan-to-USB (standard) / Scan-to-Email, Scan-to-FTP, Scan-to-SMB (optional)

FAX (OPTIONAL)

FK-510 Fax Kit	Includes Super G3 Fax
Fax Line / Mode	PSTN (Public Switch Telephone Network), PBX (Private Branch Exchange), Super G3 (Fax line)
Fax Transmission Speed	Approx. 3 sec (A4, V.34, 33.6kbps, JBIG)
Fax Features	Select from address book, Auto redial, Original type (Text, Text/Photo, Photo, Dot matrix), Density, Busy/Error redial, Broadcast TX, Priority TX, Timer TX, Confidential TX/RX, Relay TX request, Polling TX/RX, Bulletin, TX Original size setting, Mixed original TX, Rotation TX, Overseas TX mode, ECM OFF, V34 OFF TX, Password TX, Memory RX, Password RX, Rotation RX, 2-Sided RX, Confidential print, Relay broadcast, Auto Reduction print, Full size print, Vicarious execution forward, Remote RX, Nighttime Receiving User Box Destination setting, Communication Activity report, TX Result Report, Broadcast Result TX Report, Broadcast Result RX Report, Various lists, Long Paper Original TX/RX, PC-FAX TX, Prevention of Mistransmission

PAPER INPUT

Original Size	Up to 11" x 17"
Tray 1	Capacity: 250 sheets / Paper Size: 5.5" x 8.5" to 11" x 17" / Custom Sizes: 3.5" x 5.5" to 11" x 17" / Paper Weight: Single-sided: 64-157 gsm
Standard Paper Capacity	250 sheets (1-way)
• DF-625	Reversing Auto Document Feeder / Capacity: 70 sheets / Paper Size: 5.5" x 8.5" to 11" x 17" / Paper Weight: 35-128 gsm (simplex), 50-128 gsm (duplex)
• OC-512	Original cover (required if the DF-625 is not installed)
• MB-505	Bypass Tray / Capacity: 100 sheets / Paper Size: 5.5" x 8.5" to 11" x 17" / Custom Sizes: 7.25" x 7.25" to 11.5" x 17" / Paper Weight: Single-sided: 64-157 gsm
• PF-507 (Tray 2-5)	Paper Cassette / Capacity: 250 sheets / Paper Size: 5.5" x 8.5" to 11" x 17" / Custom Sizes: 7.25" x 7.25" to 11.5" x 17" / Paper Weight: Single-sided: 64-90 gsm
• AD-509	Auto-Duplexing Unit / Paper Size: 5.5" x 8.5" to 11" x 17", Paper Weight: 64-90 gsm
• DK-707	Copy Desk / Storage Drawer
• DK-708	Small Copy Desk
Maximum Paper Capacity	1,350 sheets (Total w/ options, 6-way)

PAPER OUTPUT

Standard Output	Output Tray: 250-sheet maximum capacity
-----------------	---

APPLICATION SOFTWARE

Network Utility	PageScope Net Care Device Manager, PageScope Web Connection
• IC-209	Image Controller PCL/NIC
• NC-504	Network Card NIC
• MK-733	Panel Extension

POWER & DIMENSIONS

Power Requirements/Consumption	120V / 60Hz @ 11A (120V) / Less than 1300W (max consumption), 60W (low power / sleep mode)
TEC Value	0.9 kWh
Dimensions (W x D x H)	22.4" x 22.4" x 18.0"
Weight	58 lbs. (standard configuration without toner or developer)

CONSUMABLES

TN-118	Black Toner (Yield: 12K)
DR-114	Drum (Yield: 55K)
DV-116	Developer (Yield: 55K)
